

The MO Legislature is headed to Special Session. Tell them to pass a clean Federal Reimbursement Allowance (FRA) by July 1st.

Clean FRA Facts:

- It's a vital funding mechanism responsible for 1/3 of the current MO Medicaid program.
- If not passed, failure to reauthorize would lead to severe state budget cuts, hospital closings and limited services, nursing homes limiting and/or kicking out Medicaid patients and children and families losing all health coverage except in life or death situations.
- An anti-birth control amendment in regular session derailed the reauthorization; an act that has taken place regularly for many years with no issues.

To find your MO legislators, go to www.senate.mo.gov/legislookup/

We're telling our Missouri legislators to pass a clean FRA and so should you!
