It's so reassuring and hopeful that there are smart, dedicated advocates like them working for change in our state."*

The podcast aims to demystify the legislative process in Missouri and provides action steps for anyone wanting to influence policies impacting women, children and families. Be sure and subscribe to Show Me Shenanigans so you never miss an episode!

## Legislation Watch - Take Action Today!

NCJWSTL is closely monitoring the following legislation this week and we are asking you to take action:

### **Bills we are advocating FOR this week:**

We have good news this week. Language that would establish the "Supplemental Nonprofit Safety and Security Fund" has been attached to **HB 1814**, which will be **heard Wednesday morning** in the **Missouri House Government Efficiency and Downsizing Committee**.<sup>\*</sup> The Fund shall be used to defray the costs of security enhancements or measures for eligible nonprofits like NCJWSTL. Please contact the members of this committee by **clicking here**<sup>\*</sup> and urge them to vote YES on HB 1814.

### **Below are the bills we are advocating AGAINST this week:**

**HB 2498** - This bill requires public libraries that are authorized to levy or collect taxes to be governed by an elected library board. It would be disastrous for public libraries because it would give the board power to select books, make personnel decisions, etc. NCJWSTL testified against HB 2498 last week and we encourage you to contact members of the **Missouri House Government Efficiency and Downsizing Committee**<sup>\*</sup> and urge them to vote NO when this bill comes to a vote.

Missouri has some of the weakest gun laws in the country, resulting in the seventh highest rate of gun deaths in the U.S. The two bills below will make things even worse.

**HB 1708** - This dangerous gun bill has been voted out of committee and will be heading to the House floor soon. HB 1708 would make our communities less safe from the threat of gun violence by expanding concealed carry. Please **click here** to urge

your legislators to vote NO on HB 1708.

**HB 1440** - This bill aims to further arm people in Missouri schools, by expanding the categories of people who could carry guns in schools to all school personnel. This bill has been voted out of committee and will be heading to the House floor soon. Please [click here](#) to urge your legislators to vote NO on HB 1440.

12:00 PM - 1:00 PM CT

Dr. Elizabeth Eikmann

**When:** Thursday, March 21 | 12:00 - 1:00 PM

**Where:** Zoom

Did you know that not only was nineteenth-century St. Louis a bustling photography destination, but it was also home to hundreds of female photographers!? For Women's History Month, we are excited to welcome Dr. Elizabeth Eikmann, whose presentation explores the early history of women's photography and highlights the lives and professional careers of several St. Louis women whose impressive work started right here in Missouri.

Dr. Eikmann is an expert in St. Louis history, women's history and the history of photography. She is a teacher, scholar, and public historian with experience working with museums, public libraries, universities, and the local tourism industry. She currently serves as a Program Coordinator at Washington University in St. Louis and is working on her book project, *In Her Image: Women's Photography in Turn-of-the-Century St. Louis*, which explores the role of white practitioners of photography in the linking of racial identification and vision. She has extensive experience as a local tour guide, university instructor, and public educational speaker.

## ADD YOUR NAME and Help Us Oppose Censorship of Our Public Libraries

For those who have already joined, thank you!

**To protect libraries throughout Missouri, including those at public schools, NCJWSTL has helped convene a statewide coalition of individuals and organizations called Right to Read.** The coalition will oppose any legislative, state policy or other effort to restrict access to materials at public libraries; the coalition has the utmost confidence in trained, experienced librarians and educators to evaluate and select materials in the libraries' collection.

Did you know?

- As a result of a Missouri law enacted in August 2022 restricting some types of materials in public schools, **librarians fearful of criminal prosecution have removed nearly 300 titles** from school library shelves.
- Under an administrative rule imposed by Secretary of State Jay Ashcroft, all public libraries must have submitted by July 31 how they will comply with the vaguely written rule. **Failure to comply could result in loss of state funding**, which comprises a significant portion of small libraries' budgets.

- Missouri is among the nation's top book banning states, **especially regarding restricting access to books about gender, sexuality and race in public schools.**

More attempts will likely be made in the 2024 Missouri legislative session to suppress First Amendment rights. Free and open access to materials at our public libraries is an essential aspect of our democracy.

Please [click here](#) to add your name as an individual member of the coalition. For more information, please e-mail the coalition at [righttoreadcoalition@gmail.com](mailto:righttoreadcoalition@gmail.com).

## Get FREE Emergency Contraception at NCJWSTL!

NCJWSTL is thrilled to announce that we have partnered with the [Missouri Family Health Council](#) (MFHC) to distribute **FREE emergency contraception kits!** This effort is vitally important in the wake of last year's Supreme Court decision overturning Roe vs. Wade, especially in states like Missouri where abortion is illegal. Everyone should have the right to determine when and if they wish to start a family, and emergency contraception is vital in preventing unwanted pregnancies.

Also known as the morning-after pill, or by the brand name Plan B, the emergency contraception pill is an over-the-counter form of birth control that can be taken up to five days after unprotected sex to avoid pregnancy. The goal of this effort is to reduce geographic and financial barriers Missourians face in accessing emergency contraception pills.

While supplies last, MFHC, NCJWSTL and other partner organizations are offering free EC kits to anyone of any age. **Feel free to stop by the NCJWSTL office to pick up your kit - for you or a loved one.**

If you have any questions, please contact Jen Bernstein at [jbernstein@ncjwstl.org](mailto:jbernstein@ncjwstl.org). You can also order an emergency contraception kit by mail by [clicking here](#).

Like many debates about social conditions in the U.S.,

too many men remain silent, rarely weighing in— whether the issue is mass shootings, women’s reproductive rights or the climate emergency. It's time for men to step up.
