Repro Rights Petition Training and Signing Information

Would you like to help gather signatures at events? Our friends at AccessMO have created an extensive [sign-up](#) with some public events in the STL region through the end of April. We have collected a TON of signatures by arriving an hour before event start times, it's an easy opportunity to gather a lot of signatures in a short period of time.

[Click Here to Gather Signatures at Events](#)

Would you like to host a signature gathering house party? We will send trained signature gathering volunteers to your home to speak and gather signatures. You provide the refreshments, we will provide the speaker and petitions!

Protect Our Initiative Petition Process

PROTECT THE INITIATIVE PETITION PROCESS

The initiative petition process is a constitutional right that Missourians have used for over 100 years. It allows Missourians from across the state the opportunity to supersede partisan politics and propose issues that matter most to our communities.

Citizen-led initiatives improve the quality of life for many people in our state and allow us to make laws that reflect the will of Missouri voters. The legislature should follow the will of the people and protect majority rule instead of attempting to grab power by limiting our ability to make decisions for ourselves.

[Click here](#) to email your legislators now and tell them to oppose any effort to dismantle the initiative petition and majority rule.

Legislation Watch - Take Action Today!

NCJWSTL is closely monitoring the following legislation this week and we are asking you to take action:

Bills we are advocating FOR this week:

[HB 1999](#) - This bill allows school districts to include instruction on LGBTQ contributions to society. Although it has been introduced, it has not yet been assigned to a committee, but you can contact your legislators by [clicking here](#) to urge them to support HB 1999 when it's assigned to a committee.

[HB 2478](#) - This bill prohibits discrimination based on sexual orientation or gender identity. Otherwise known as the Missouri Non-Discrimination Act (MONA), NCJWSTL and our coalition partners have been trying to pass this legislation for over 20 years. MONA has not been assigned to a committee yet, but you can contact your legislators by [clicking here](#) to urge them to support HB 2478 if and when it is.

Below are the bills we are advocating AGAINST this week:

[HJR 86](#) - Currently, initiative petitions proposing amendments to the Constitution require signatures from 8% of the legal voters in 2/3 of the state's congressional districts in order to be placed on the ballot. This resolution would require signatures from 8% of the legal voters in all of the state's congressional districts in order to place a Constitutional amendment proposed by initiative petition on the ballot. **This bill is being voted on TOMORROW.** Please contact members of the [House Rules - Administrative Oversight Committee](#)* and urge them to vote NO on HJR 86.

[HB 2498](#) - This bill requires public libraries that are authorized to levy or collect taxes to be governed by an elected library board. It would be disastrous for public libraries because it would give the board power to select books, make personnel decisions, etc. This bill has been voted out of committee. Please contact your Missouri representative by [clicking here](#) and urge them to vote NO on HB 2498 if and when it comes to the House floor.

*When you click on this link, it will take you to a list of all House committees. Please scroll down to find the specific committee you are looking for.

ADD YOUR NAME and Help Us Oppose Censorship of Our Public Libraries

For those who have already joined, thank you!

**To protect libraries throughout Missouri,
including those at public schools, NCJWSTL**

has helped convene a statewide coalition of individuals and organizations called **Right to Read**. The coalition will oppose any legislative, state policy or other effort to restrict access to materials at public libraries; the coalition has the utmost confidence in trained, experienced librarians and educators to evaluate and select materials in the libraries' collection.

Did you know?

- As a result of a Missouri law enacted in August 2022 restricting some types of materials in public schools, **librarians fearful of criminal prosecution have removed nearly 300 titles** from school library shelves.
- Under an administrative rule imposed by Secretary of State Jay Ashcroft, all public libraries must have submitted by July 31 how they will comply with the vaguely written rule. **Failure to comply could result in loss of state funding**, which comprises a significant portion of small libraries' budgets.
- Missouri is among the nation's top book banning states, **especially regarding restricting access to books about gender, sexuality and race in public schools**.

More attempts will likely be made in the 2024 Missouri legislative session to suppress First Amendment rights. Free and open access to materials at our public libraries is an essential aspect of our democracy.

Please [click here](#) to add your name as an individual member of the coalition. For more information, please e-mail the coalition at righttoreadcoalition@gmail.com.

Get FREE Emergency Contraception at NCJWSTL!

NCJWSTL is thrilled to announce that we have partnered with the [Missouri Family Health Council](#) (MFHC) to distribute **FREE emergency contraception kits!** This effort is vitally important in the wake of last year's Supreme Court decision overturning Roe vs. Wade, especially in states like Missouri where abortion is illegal. Everyone should have the right to determine when and if they wish to start a family, and emergency contraception is vital in preventing unwanted pregnancies.

Also known as the morning-after pill, or by the brand name Plan B, the emergency contraception pill is an over-the-counter form of birth control that can be taken up to five days after unprotected sex to avoid pregnancy. The goal of this effort is to reduce geographic and financial barriers Missourians face in accessing emergency contraception pills.

While supplies last, MFHC, NCJWSTL and other partner organizations are offering free EC kits to anyone of any age. **Feel free to stop by the NCJWSTL office to pick up your kit - for you or a loved one.**

If you have any questions, please contact Jen Bernstein at jbernstein@ncjwstl.org. You can also order an emergency contraception kit by mail by [clicking here](#).
