ADVOCATING CHANGE = ADVANCING LIVES

Reminder: There will be no Lunch and Learn in July. We will see you for our next Lunch and Learn on Thursday, August 15th!

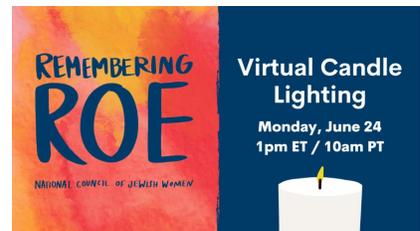

TODAY: Remembering Roe Virtual Candle Lighting

When: Monday, June 24 | 12:00 - 12:30 PM

Where: Zoom

[RSVP Here](#)

We are coming upon the two year mark since the Supreme Court overturned *Roe v. Wade* and took away the constitutional right to abortion with their ruling in *Dobbs v. Jackson Women's Health Organization*. This decision not only abandoned almost 50 years of precedent, but instantly paved the way for states like Missouri to ban abortion.

We invite you to join us to pause on the anniversary of the overturning of Roe to honor those who lost access to abortion within the last two years, those who lost access long before Roe fell, and those who have endured inequities and injustice as they sought reproductive care. In Judaism, it is customary to mark time together, as we mourn, remember, and honor all that has been lost. We will join together as a community virtually to honor this moment.

TONIGHT: Making a Case for DEI as we Confront Antisemitism

When: Monday, June 24 | 6:00 - 7:00 PM

Where: Zoom

[RSVP Here](#)

As we continue to fight against the latest and dangerous surge of antisemitism, we know many of our leaders are being met with resistance as we continue to prioritize Diversity, Equity, & Inclusion (DEI). We know DEI is continually under attack in our nation, and we also know that attempts to dismantle and distort DEI are a threat to all people, and most immediately to those with marginalized identities, including Jews.

Please join Yolanda Savage-Narva, the Vice President of Racial Equity, Diversity, & Inclusion at the URJ and Rabbi Jonah Pesner, the Director of the RAC/Senior Vice

President of the URJ, to discuss the importance of DEI initiatives to the Jewish community's own security and those in our community who are most marginalized.

You will leave this discussion with language and concepts that will help your community understand why DEI is critical to upholding Jewish values and why this battle against DEI breeds further racism and antisemitism in our communities.

Take Action Today to Counter Antisemitism

Antisemitism has been steadily rising in the United States and has skyrocketed since the terrorist attack on Israel launched by Hamas on October 7, 2023. Right now, nowhere in the United States feels safe for Jewish people. Antisemitic hate threatens us in schools and at universities, at our synagogues, at work, and in our neighborhoods. We must not allow this to become the status quo, and now Congress has an opportunity to take action.

The bipartisan [Countering Antisemitism Act](#) would ensure that the current administration and any future administration have the tools they need to fight antisemitism. This historic legislation is the most far-reaching antisemitism initiative ever to be introduced in Congress. The legislation would also promote Holocaust education, help elected officials better understand the threat of antisemitic violent extremism and online hate, and formally establish Jewish American Heritage Month in law.

[Click here](#) to tell Congress to pass the Countering Antisemitism Act today to ensure that our government has the tools and resources to protect Jews around the country from antisemitism.

ADD YOUR NAME and Help Us Oppose Censorship of Our Public Libraries

For those who have already joined, thank you!

To protect libraries throughout Missouri, including those at public schools, NCJWSTL has helped convene a statewide coalition of individuals and organizations called Right to Read. The coalition will oppose any legislative, state policy or other effort to restrict access to materials at public libraries; the coalition has the utmost confidence in trained, experienced librarians and educators to evaluate and select materials in the libraries' collection.

Did you know?

- As a result of a Missouri law enacted in August 2022 restricting some types of materials in public schools, **librarians fearful of criminal prosecution have removed nearly 300 titles** from school library shelves.
- Under an administrative rule imposed by Secretary of State Jay Ashcroft, all public libraries must have submitted by July 31 how they will comply with the vaguely written rule. **Failure to comply could result in loss of state funding**, which comprises a significant portion of small libraries' budgets.
- Missouri is among the nation's top book banning states, **especially regarding restricting access to books about gender, sexuality and race in public schools.**

More attempts will likely be made in the 2024 Missouri legislative session to suppress First Amendment rights. Free and open access to materials at our public libraries is an essential aspect of our democracy.

Please [click here](#) to add your name as an individual member of the coalition. For more information, please e-mail the coalition at righttoreadcoalition@gmail.com.

Get FREE Emergency Contraception at NCJWSTL!

NCJWSTL is thrilled to announce that we have partnered with the [Missouri Family Health Council](#) (MFHC) to distribute **FREE emergency contraception kits!** This effort is vitally important in the wake of last year's Supreme Court decision overturning Roe vs. Wade, especially in states like Missouri where abortion is illegal. Everyone should have the right to determine when and if they wish to start a family, and emergency contraception is vital in preventing unwanted pregnancies.

Also known as the morning-after pill, or by the brand name Plan B, the emergency contraception pill is an over-the-counter form of birth control that can be taken up to five days after unprotected sex to avoid pregnancy. The goal of this effort is to reduce geographic and financial barriers Missourians face in accessing emergency contraception pills.

While supplies last, MFHC, NCJWSTL and other partner organizations are offering free EC kits to anyone of any age. **Feel free to stop by the NCJWSTL office to pick up your kit - for you or a loved one.**

If you have any questions, please contact Jen Bernstein at jbernstein@ncjwstl.org. You can also order an emergency contraception kit by mail by [clicking here](#).

When a woman experiencing a second trimester miscarriage came into the hospital bleeding through her clothes, NCJWSTL member Dr. Jennifer Smith couldn't immediately help her.

Not while her fetus still had a heartbeat.

Too scared to wait for the miscarriage to progress far enough to be admitted to the hospital in Missouri, the woman and her husband drove to Illinois where she could obtain an abortion.
