US Deputy Secretary of Education Cindy Marten

in conversation with NCJW CEO Sheila Katz

September 10th, 2 pm ET / 11 am PT

National Council of Jewish Women

We all watched as this past Spring, Jewish students on campuses across the country were impacted by antisemitism in new ways. As parents, grandparents, and family members, we understand the issues that face the students we care about, and are seeking ways to take action to protect them as they head back to school.

During this webinar, you will get an inside look into the key role the Department of Education and NCJW have been playing to ensure campuses remain nurturing environments where every student can thrive. This timely discussion will also serve as a guide and call to action for NCJW leaders around the country to push back against hate and support the students in our communities as they return to campus this fall.

September Lunch and Learn: How You Can Help End Missouri's Cruel Abortion Ban

Thursday, September 19, 2024
12:00 PM - 1:00 PM CT

Alex Cook

When: Thursday, September 19 | 12:00 - 1:00 PM

Where: Zoom

[RSVP Here](#)

After turning in over 380,000 signatures (15,000 from NCJWSTL alone!), the Right to Reproductive Freedom initiative is OFFICIALLY on the ballot as [Amendment 3!](#)

NCJWSTL and our coalition partners believe that politicians should not be involved in personal decisions. Patients and their doctors should decide what's right for their unique situation. Decisions around pregnancy, including abortion, birth control and miscarriage care are personal and private and should be left up to patients and their families. **But here in Missouri, politicians are making those decisions for us. We can put a stop to this on November 5th.**

For our September Lunch and Learn, we are excited to welcome Alex Cook, Director of Organizing and Campaigns at Abortion Action Missouri. Alex is an experienced community organizer and is passionate about building power for gender, racial and economic justice. If you have attended any abortion rights rally in the past few years, you have likely heard Alex motivate the crowd - he is an incredibly engaging speaker and this Lunch and Learn is not to be missed.

NCJWSTL 2024 Election Guide

NCJWSTL ELECTION GUIDE

END MO ABORTION BANS, VOTE YES ON 3

NCJWSTL believes that all Missourians should have access to the full range of reproductive healthcare, including abortion. Right now, Missouri has a TOTAL ban on abortion, without exceptions for rape and incest survivors. Regardless of how one personally feels about abortion, politicians should not be forcing their beliefs on patients and doctors. Government shouldn't be involved in personal healthcare decisions.

IMPORTANT NOVEMBER ELECTION DATES

September 24 Absentee voting with an excuse opens
October 9 Last day to register to vote (5:00 p.m.)
October 22 No-excuse in-person absentee voting opens

SUPPORT HEALTHY FAMILIES

NCJWSTL believes that all Missourians should not have to choose between a paycheck and being healthy. We support paid sick leave for all Missourians. **Vote yes on A.**

WHAT ELSE IS ON THE NOVEMBER BALLOT?

In addition to all President, Senate, statewide races, and Missouri House races, you might have a state senate race and a local race. NCJWSTL does not take a position on candidates. **NCJWSTL encourages you to vote no on Amendment 7**, which would ban rank choice voting.

ADD YOUR NAME and Help Us Oppose Censorship of Our Public Libraries

For those who have already joined, thank you!

To protect libraries throughout Missouri, including those at public schools, NCJWSTL has helped convene a statewide coalition of individuals and organizations called Right to Read. The coalition will oppose any legislative, state policy or other effort to restrict access to materials at public libraries; the coalition has the utmost confidence in trained, experienced librarians and educators to evaluate and select materials in the libraries' collection.

Did you know?

- As a result of a Missouri law enacted in August 2022 restricting some types of materials in public schools, **librarians fearful of criminal prosecution have removed nearly 300 titles** from school library shelves.
- Under an administrative rule imposed by Secretary of State Jay Ashcroft, all public libraries must have submitted by July 31 how they will comply with the

vaguely written rule. **Failure to comply could result in loss of state funding**, which comprises a significant portion of small libraries' budgets.

- Missouri is among the nation's top book banning states, **especially regarding restricting access to books about gender, sexuality and race in public schools.**

More attempts will likely be made in the 2024 Missouri legislative session to suppress First Amendment rights. Free and open access to materials at our public libraries is an essential aspect of our democracy.

Please [click here](#) to add your name as an individual member of the coalition. For more information, please e-mail the coalition at righttoreadcoalition@gmail.com.

Get FREE Emergency Contraception at NCJWSTL!

NCJWSTL is thrilled to announce that we have partnered with the [Missouri Family Health Council](#) (MFHC) to distribute **FREE emergency contraception kits!** This effort is vitally important in the wake of last year's Supreme Court decision overturning Roe vs. Wade, especially in states like Missouri where abortion is illegal. Everyone should have the right to determine when and if they wish to start a family, and emergency contraception is vital in preventing unwanted pregnancies.

Also known as the morning-after pill, or by the brand name Plan B, the emergency contraception pill is an over-the-counter form of birth control that can be taken up to five days after unprotected sex to avoid pregnancy. The goal of this effort is to reduce geographic and financial barriers Missourians face in accessing emergency contraception pills.

While supplies last, MFHC, NCJWSTL and other partner organizations are offering free EC kits to anyone of any age. **Feel free to stop by the NCJWSTL office to pick up your kit - for you or a loved one.**

If you have any questions, please contact Jen Bernstein at jbernstein@ncjwstl.org. You can also order an emergency contraception kit by mail by [clicking here](#).

**TRANS
RIGHTS
ARE
HUMAN
RIGHTS**

Project 2025 equates being transgender — or adopting “transgender ideology” — to pornography and declares that it should be outlawed. Under this plan, the federal government would enforce sex discrimination laws on the “biological binary meaning of sex,” and educators and public librarians who spread the concept of being transgender would be registered as sex offenders. The plan says that children should be “raised by their biological fathers and mothers who conceive them,” unless those biological parents are found unfit by a court.
