## Sign the Jewish Community Disaster Relief Petition

Take action:  
**Urge Congress to pass a comprehensive recovery package!**

**ncjw** National Council of Jewish Women

In light of the recent devastation caused by Hurricanes Helene and Milton, NCJW, in collaboration with MAZON: A Jewish Response to Hunger and the Religious Action Center, has initiated a petition aimed at addressing the urgent needs of the impacted communities. This petition calls upon Congress to enact a comprehensive recovery package that not only provides traditional disaster relief funding for the rebuilding of homes and infrastructure, but also emphasizes the necessity for program flexibility in emergency nutrition assistance and housing.

This recovery package would provide funding for essential services such as childcare,

home health care, paid leave, public transportation and counseling. These components are crucial in ensuring the stability and well-being of all individuals impacted by the hurricanes.

A longtime priority issue for NCJWSTL is domestic violence as we strive to help develop and pass effective public policy to address intimate partner violence, dating violence, sexual assault, and stalking to ensure increased emphasis on prevention, accountability for perpetrators and justice and resources for survivors.

For our October Lunch and Learn, we are excited to welcome Emily Stoinski (she/her/hers), who is passionate about empowering the community to respond to domestic, relationship and sexual violence and addressing the experience and needs of marginalized populations. Having spent seven plus years working directly with survivors of domestic and sexual violence and/or providing community education, Emily believes every person has the ability to prevent and/or reduce the impact of violence in their relationships, families, and larger community. Emily Stoinski also serves as the chair for the Domestic Violence Fatality Review Panel for the City of St. Louis.

## Pledge to Vote Yes on Prop A for Paid Sick Days and to Raise the Wage!

**No one should have to choose between their paycheck and their family's health.** However, this is NOT the reality in Missouri. Now it's our turn as voters to make this a reality. [Pledge to vote YES on Prop A](#) to deliver paid sick days and fair wages to Missouri's working families.

Prop A will:

## NCJWSTL 2024 Election Guide

# NCJWSTL ELECTION GUIDE

## END MO ABORTION BANS, VOTE YES ON 3

NCJWSTL believes that all Missourians should have access to the full range of reproductive healthcare, including abortion. Right now, Missouri has a TOTAL ban on abortion, without exceptions for rape and incest survivors. Regardless of how one personally feels about abortion, politicians should not be forcing their beliefs on patients and doctors. Government shouldn't be involved in personal healthcare decisions.

## ADD YOUR NAME and Help Us Oppose Censorship of Our Public Libraries

Protect Missouri's Libraries! Join the Right to Read Coalition by [clicking here](#).

For those who have already joined, thank you! *Check our member list to see who supports us...and if you've already joined by [clicking here](#).*

Right to Read is a statewide coalition of 1,000 individuals and nearly 100 organizations. The coalition opposes legislative, state policy or other efforts to restrict access to materials at public and school libraries.

Censorship denies our First Amendment rights to access books that reflect our diverse community:

- Missouri ranked third nationally in 2023 for the number of books banned at school libraries.
- 60% of banned books in the U.S. include characters of color and discussed issues of race and racism or presented LGBTQ+ characters or themes

Laws and policies enacted recently have led to book bans and harmful regulations on our libraries. **We expect more censorship efforts in Missouri in 2025.**

Add your voice to thousands of Missourians to fight censorship and book bans!

## Get FREE Emergency Contraception at NCJWSTL!

NCJWSTL is thrilled to announce that we have partnered with the [Missouri Family Health Council](#) (MFHC) to distribute **FREE emergency contraception kits!** This effort is vitally important in the wake of last year's Supreme Court decision overturning Roe vs. Wade, especially in states like Missouri where abortion is illegal. Everyone should have the right to determine when and if they wish to start a family, and emergency contraception is vital in preventing unwanted pregnancies.

Also known as the morning-after pill, or by the brand name Plan B, the emergency contraception pill is an over-the-counter form of birth control that can be taken up to five days after unprotected sex to avoid pregnancy. The goal of this effort is to reduce geographic and financial barriers Missourians face in accessing emergency contraception pills.

While supplies last, MFHC, NCJWSTL and other partner organizations are offering free EC kits to anyone of any age. **Feel free to stop by the NCJWSTL office to pick up your kit - for you or a loved one.**

If you have any questions, please contact Jen Bernstein at [jbernstein@ncjwstl.org](mailto:jbernstein@ncjwstl.org). You can also order an emergency contraception kit by mail by [clicking here](#).

## Interesting Reading

Outraised and outspent, critics of Amendment 3 push claim it will legalize sex change surgeries for minors. Kelly Gillespie, director of St. Louis University's Center for Health Law Studies, said because the examples of reproductive health care listed in the amendment only apply to a person who is trying to prevent pregnancy, anticipating pregnancy, who is pregnant or who was recently pregnant,

it would not apply to gender-affirming surgeries.
