Tell Congress: Save the Department of Education & Save our Nation's Students

The Department of Education is key to ensuring equitable education and a future for students no matter the income of their families or where they live. Yet **efforts to dismantle this vital department** — through executive action and legislation — would abandon our nation's children.

ncjw National Council of Jewish Women

Since Congress created the Department of Education in 1979, it has played a crucial role in creating programs for minority, disabled, and low-income students; regulating national education standards and special education programs; and overseeing student loan disbursements for nearly 50 million students in elementary and secondary education.

Without this oversight, we could see drastic cuts in funding, an increase in unchecked discrimination against students based on sex, race, national origin, ethnicity, sexual orientation, and disability, the elimination of federal student aid and so much more.

Every child deserves the opportunity to learn and succeed. We cannot stand by while this fundamental right is stripped away.

Urge the Missouri Legislature to Pass the Bipartisan

NCJW ACTION ALERT

Great news! HB 398 was voted unanimously out of committee last week. NCJWSTL also testified in support of SB 178 in the Senate. Let's keep the pressure on MOLEG to get it past the finish line this session!

While we know there will be no shortage of attacks on women's health this session, the Missouri legislature also has an opportunity to pass a positive healthcare bill quickly - the Bipartisan Women's Health Bill ([SB 178](#) and [HB 398](#)).

Last year, a critical women's health bill was just one vote from final passage, but despite wide bipartisan support - including from House leadership - the bill failed to pass due to dysfunction in the Senate. Both sides of the aisle strongly support this legislation that would treat and prevent disease, including congenital syphilis; increase access to contraception; and improve Missourians' health and wellbeing.

Please [click here](#) to tell our lawmakers to **prioritize and pass the Bipartisan Women's Health Bill now!**

ADD YOUR NAME and Help Us Oppose Censorship of Our Public Libraries

Protect Missouri's Libraries! Join the Right to Read Coalition by [clicking here](#).

For those who have already joined, thank you! Check our member list to see who supports us...and if you've already joined by [clicking here](#).

Right to Read is a statewide coalition of 1,000 individuals and nearly 100 organizations. The coalition opposes legislative, state policy or other efforts to restrict access to materials at public and school libraries.

Censorship denies our First Amendment rights to access books that reflect our diverse community:

- Missouri ranked third nationally in 2023 for the number of books banned at school libraries.
- 60% of banned books in the U.S. include characters of color and discussed issues of race and racism or presented LGBTQ+ characters or themes.

Laws and policies enacted recently have led to book bans and harmful regulations on our libraries. **We expect more censorship efforts in Missouri in 2025.**

Add your voice to thousands of Missourians to fight censorship and book bans!

Get FREE Emergency Contraception at NCJWSTL!

NCJWSTL is thrilled to announce that we have partnered with the [Missouri Family Health Council](#) (MFHC) to distribute **FREE emergency contraception kits!** This effort is vitally important in the wake of last year's Supreme Court decision overturning *Roe vs. Wade*, especially in states like Missouri where abortion is illegal. Everyone should have the right to determine when and if

they wish to start a family, and emergency contraception is vital in preventing unwanted pregnancies.

Also known as the morning-after pill, or by the brand name Plan B, the emergency contraception pill is an over-the-counter form of birth control that can be taken up to five days after unprotected sex to avoid pregnancy. The goal of this effort is to reduce geographic and financial barriers Missourians face in accessing emergency contraception pills.

While supplies last, MFHC, NCJWSTL, and other partner organizations are offering free EC kits to anyone of any age. **Feel free to stop by the NCJWSTL office to pick up your kit - for you or a loved one.**

If you have any questions, please contact Jen Bernstein at jbernstein@ncjwstl.org. You can also order an emergency contraception kit by mail by [clicking here](#).
