Have you or someone you know recently lost a life partner?

Wife Widow Woman allows individuals who have lost a partner to move through grief in a highly supportive and nurturing space.

New groups form every couple of months.

Women may be of any age, race, or religious background.

Each group is led by a professional counselor and a past WWW participant familiar with the realities of losing a partner.

This free NCJWSTL program is generously underwritten in part by Berger Memorial, Sign of the Arrow, and Women's Auxiliary Foundation for Jewish Aged.
