

Protect Abortion Rights in Missouri: Pledge to Vote NO on Amendment 3!

In 2024, Missourians voted to end the ban on abortion and ensure reproductive freedom was protected in our state constitution. Voters made it clear: Missourians don't want politicians to make medical decisions for us and our families.

Now, just two years later, politicians are trying to undo the will of the people. Amendment 3 would overturn what Missouri voters approved and once again ban abortion in nearly all cases, putting politicians back in charge of decisions that should remain between a patient and their health care provider.

This isn't just about abortion. It's about whether our votes matter. Missourians already spoke. Amendment 3 asks voters to give politicians another chance to take away the constitutional rights we already restored.

Tell Congress: Pass the Antisemitism Response and Prevention Act

Antisemitism is rising at an alarming rate in the United States, threatening Jewish communities in our schools, houses of worship, workplaces, and neighborhoods. No one should have to fear for their safety because of who they are.

Congress has the opportunity to take meaningful action by passing the [Antisemitism Response and Prevention Act \(H.R. 6806\)](#), comprehensive legislation that would strengthen the federal government's response to antisemitism while helping protect all communities from hate.

Congress must respond to this urgent moment with the comprehensive action Jewish communities deserve.

You may have heard that the Missouri Legislature is bringing abortion rights back to the ballot under the same name, **Amendment 3**. We anticipate a strong misinformation campaign from the opposition, and we need to be strategic in order to fight it. Although the new measure will appear on the ballot on November 3, 2026, [now is the time to act](#).

We are looking for volunteers to work the polls, knock on doors, educate our communities, and notarize absentee ballots. If you're interested in getting involved, please [click here](#) to sign up. **It's going to take all of us.**

Get FREE Emergency Contraception at NCJWSTL!

NCJWSTL is thrilled to announce that we have partnered with [Beacon Reproductive Health Network](#) to distribute **FREE emergency contraception kits**! This effort is vitally important in the wake of last year's Supreme Court decision overturning Roe vs. Wade, especially in states like Missouri where abortion is illegal. Everyone should have the right to determine when and if they wish to start a family, and emergency contraception is vital in preventing unwanted pregnancies.

Also known as the morning-after pill, or by the brand name Plan B, the emergency contraception pill is an over-the-counter form of birth control that can be taken up to five days after unprotected sex to avoid pregnancy. The goal of this effort is to reduce geographic and financial barriers Missourians face in accessing emergency contraception pills.

While supplies last, Beacon Reproductive Health Network, NCJWSTL, and other partner organizations are offering free EC kits to anyone of any age. **Feel free to stop by the NCJWSTL office to pick up your kit - for you or a loved one.**

If you have any questions, please contact Jen Bernstein at jbernstein@ncjwstl.org.

Interesting Reading

Since June 2026, the current administration has canceled 53 Teen Pregnancy Prevention Program (TPP) grants totaling \$67 million. Instead, they are being replaced with programs focused on “anatomy, fertility tracking, hormonal production, and ‘reproductive goals counseling.’” The Department of Health and Human Services (HHS) justified the cuts by arguing that the previous programs “normalized sexual activity for minors.”

Eliminating these programs is likely to have the greatest impact on low-income and minority youth, where students often depend on school-based programs for reliable reproductive health information.
