

Tell Congress: Pass the Women's Health Protection Act

Restore Abortion Access:
**Pass the Women's
Health Protection Act**

ncjw National Council
of Jewish Women

Since the Supreme Court struck down *Roe v. Wade* in 2022, our very freedoms have been endangered by a nationwide patchwork of restrictive policies that impede abortion access and disproportionately harm already impacted communities. The ability to exercise bodily autonomy and receive essential health care should not depend on one's zip code or income.

[The Women's Health Protection Act \(WHPA\)](#) would restore the nationwide right to abortion throughout the

United States. Right now, one in three women of reproductive age in the US live in a state with an abortion ban. We urgently need federal protections to safeguard both patients and providers receiving and delivering this critical care, and WHPA provides this solution.

Protect Abortion Rights in Missouri: Pledge to Vote NO on Amendment 3!

In 2024, Missourians voted to end the ban on abortion and ensure reproductive freedom was protected in our state constitution. Voters made it clear: Missourians don't want politicians to make medical decisions for us and our families.

Now, just two years later, politicians are trying to undo the will of the people. Amendment 3 would overturn what Missouri voters approved and once again ban abortion in nearly all cases, putting

politicians back in charge of decisions that should remain between a patient and their health care provider.

This isn't just about abortion. It's about whether our votes matter. Missourians already spoke. Amendment 3 asks voters to give politicians another chance to take away the constitutional rights we already restored.

Virtual Weekly Phone Bank to Keep Abortion Legal in Missouri

When: Every Wednesday | 6:30 - 8:00 PM

Where: Virtual

[Register Here](#)

Missourians voted to protect reproductive freedom, and now we must do it again. Amendment 3 is an attempt to overturn the will of the voters and pave the way for another abortion ban in Missouri. Every conversation matters, and **phone banking is one of the most effective ways to educate voters and mobilize support to defeat Amendment 3.**

Join the [Stop the Ban Coalition](#) every Wednesday from 6:30 - 8:00 PM to help stop Amendment 3. They will provide the training and support you need to get started, and once you're trained, you can phone bank whenever it works best for your schedule. Whether you're a seasoned volunteer or making your first calls, your voice can make a difference in protecting abortion rights in Missouri.

Volunteers Needed to Help Keep Abortion Legal in MO

We're organizing around a critical issue: **protecting abortion rights in Missouri**. You may have heard that the Missouri Legislature is bringing abortion rights back to the ballot under the same name, **Amendment 3**. We anticipate a strong misinformation campaign from the opposition, and we need to be strategic in order to fight it. Although the new measure will appear on the ballot on November 3, 2026, [now is the time to act](#).

We are looking for volunteers to work the polls, knock on doors, educate our communities, and notarize absentee ballots. If you're interested in getting involved, please [click here](#) to sign up. **It's going to take all of us.**

Right to Read is a statewide coalition of over 1,200 individuals and 103 organizations. NCJWSTL is a founding coalition member.

- Censorship denies our First Amendment rights to access books that reflect our diverse community.
- Missouri laws and policies have led to book bans and harmful regulations on our libraries.
- President Trump's Executive Order threatens to eliminate \$3 million of Federal funds for Missouri's libraries.

Get FREE Emergency Contraception at NCJWSTL!

NCJWSTL is thrilled to announce that we have partnered with [Beacon Reproductive Health Network](#) to distribute **FREE emergency contraception kits**! This effort is vitally important in the wake of last year's Supreme Court decision overturning Roe vs. Wade, especially in states like Missouri where abortion is illegal. Everyone should have the right to determine when and if they wish to start a family, and emergency contraception is vital in preventing unwanted pregnancies.

Also known as the morning-after pill, or by the brand name Plan B, the emergency contraception pill is an over-the-counter form of birth control that can be taken up to five days after unprotected sex to

avoid pregnancy. The goal of this effort is to reduce geographic and financial barriers Missourians face in accessing emergency contraception pills.

While supplies last, Beacon Reproductive Health Network, NCJWSTL, and other partner organizations are offering free EC kits to anyone of any age. **Feel free to stop by the NCJWSTL office to pick up your kit - for you or a loved one.**

If you have any questions, please contact Jen Bernstein at jbernstein@ncjwstl.org.

Interesting Reading

Nearly one in four young people can't identify basic facts about birth control. Birth control has been around for decades. Information about it is widely available online, on social media, through health care organizations, and at health care providers' offices. But, some of these tools are used to spread mis- and disinformation that leads young people to cling to myths and misconceptions about how it works, and whether it's even safe.
