Right to Read is a statewide coalition of over 1,200 individuals and 103 organizations. NCJWSTL is a founding coalition member.

- Censorship denies our First Amendment rights to access books that reflect our diverse community.
- Missouri laws and policies have led to book bans and harmful regulations on our libraries.
- President Trump's Executive Order threatens to eliminate \$3 million of Federal funds for Missouri's libraries.

Get FREE Emergency Contraception at NCJWSTL!

NCJWSTL is thrilled to announce that we have partnered with [Beacon Reproductive Health Network](#) to distribute **FREE emergency contraception kits**! This effort is vitally important in the wake of last year's Supreme Court decision overturning Roe vs. Wade, especially in states like Missouri where abortion is illegal. Everyone should have the right to determine when and if they wish to start a family, and emergency contraception is vital in preventing unwanted pregnancies.

Also known as the morning-after pill, or by the brand name Plan B, the emergency contraception pill is an over-the-counter form of birth control that can be taken up to five days after unprotected sex to avoid pregnancy. The goal of this effort is to reduce geographic and financial barriers Missourians face in accessing emergency contraception pills.

While supplies last, Beacon Reproductive Health Network, NCJWSTL, and other partner organizations are offering free EC kits to anyone of any age. **Feel free to stop by the NCJWSTL office to pick up your kit - for you or a loved one.**

If you have any questions, please contact Jen Bernstein at jbernstein@ncjwstl.org.

The drug mifepristone is widely used for abortion, but is also highly effective at treating incomplete miscarriages. While the U.S. Food and Drug Administration (FDA) has approved mifepristone for pregnancy termination, it does not explicitly label the drug for use in miscarriage care.
